## Beck Center Reaches Out to the Community

Beck Center for the Arts is committed to providing comprehensive arts education programs designed to challenge the minds of students and stimulate creativity. Our Outreach Education program offers a wide variety of arts education activities (featuring more than 80 artists), including residencies, assemblies, field trips and workshops for schools, social service agencies, libraries, and other community organizations. Activities offered include dance, music, theatre and visual art.

All Outreach Education programs are custom designed to fit your classroom's grade, size and curriculum needs.

## Arts at Beck Center (ABC)

Our popular field trip, Arts at Beck Center (ABC), is a completely participatory arts sampler field trip where students grades K-12 can experience many areas of visual and performing arts firsthand. These field trips are available throughout the school year and during the summer for day camps and child care centers. Activities are also available for scout troupes and early childhood centers.
